Michael,

I understand that you spoke to David last week about Item No. 9 in the set of questions that we sent you on Sept. 29. If you'd like to discuss this further, please let us know. We can set up a call.

Also, can you please give us an update on the status of Global's responses to our questions? We'd appreciate your letting us know when we can expect to receive the information and supporting documentation.

Thanks,
Pat

David and Patrick,

Yes, I am confirming receipt of the Tolling Agreement Extension, and confirm that I will execute and return a copy to you by email tomorrow. I apologize for the delay, but have been out of the office. Global is preparing a response to the latest set of questions that were recently provided to us.

Importance: High

Michael,

Please confirm receipt of our email below, conveying the attached proposed tolling agreement amendment in the Global - South Portland Terminal case, and let us know the status of Global's response. To allow continued discussions between the parties, considering the intervening holidays, the amendment extends the tolling period by four months to February 28, 2017. Except for the dates, the body of the amendment is identical to the last one executed by the parties.

If the proposed extension is acceptable to Global, please have it executed by an authorized representative and email us a scanned copy of the executed document **as soon as possible, but no later than this Friday, October 13.**

Thanks.
David

Matt and Michael,

Good morning. To facilitate our continuing discussions, attached is an amendment to the tolling agreement, extending the tolling period through February 28, 2018. After receiving your client's consent, please return the signed amendment to me and David (preferably by email), so that we can then sign it for the United States. If Global does not consent, please let us know promptly.

As always, please contact us if you have any questions/concerns. (Please note that I will be out of the office from Oct. 9 through Oct. 13. While I am away, if you would like to discuss this matter, please contact David Weigert.)

Thank you.

Thanks, Pat,

I think that time should be sufficient. We have a presentation prepared, including a PowerPoint overview, and can propose a general order of discussion. As we discussed, we want to describe the details of our control system proposal, the demonstration and testing process, the impact of federally enforceable operating controls (throughput limits) and other regulatory issues presented by the Maine regulatory program. As you know, the testing protocol suggested by the Agency raises questions we would like to discuss, and of course our program for tank integrity assurance is important. I would think that all of these can be covered, although we may find that the mitigation and penalty issues may need to be deferred, depending on the depth of discussion on the other issues.

Michael,

Good afternoon. We look forward to meeting with you next Wednesday, August 30. Please note that we would like to conclude the meeting by 1pm, as we have another obligation that has arisen. We anticipate that this will leave us with sufficient time, but wanted to let you know in advance. Please let us know if this poses any problems on your end.

Also, we were wondering: to aid our discussion, do you plan to circulate an agenda before our meeting?

Thanks,
Pat

Thanks Pat,

I just returned from a meeting with the Global team, and I believe Tom Keefe may be away that week, which is when I return from vacation. We may have to push it to the following week. I know we all have a lot on the schedule but let me know if the first three days of that week is possible.

Thanks.

Michael and Matthew:

Greetings. To follow up on the request that you made on the call this past Friday with Bill and my DOJ colleagues (David and Beth), are you available to meet with EPA/DOJ on Wednesday, on August 23, at Region 1's office in Boston? We could start late morning or early afternoon to accommodate travel schedules. Our team is available then and we were hoping to lock in the date. Please let us know.
